STATEMENT OF REASONS FOR ALLOWANCE

3 The following is an examiner's statement of reasons for allowance:

The closest prior art of record (US 4,425,132) does not teach or disclose a process for coloring keratin fibers comprising the step of applying to the keratin fibers a pretreatment composition that comprises a combination of at least one substantive dye and at least one fiber-structure- improving agent selected from the group consisting of panthenol, one or more physiologically compatible panthenol derivatives, one or more plant extract, honey or combinations thereof followed by the application of a coloring composition comprising at least one oxidation dye precursor or a synthetic substantive dye precursor as claimed. Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of fibers coloring processes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
